Mr. Wes Welch  
Village Engineer  
2301 E. Sand Lake Road  
Lindenhurst, Illinois 60046

Dear Wes:

On behalf of the Lindenhurst Lakes Commission members, the Village Administrator Jim Stevens and Village Trustee Tim Wayne, I am writing to express our appreciation for the wonderful tour you gave us last evening of the Village Wastewater Treatment Facility. We appreciate the fact that you took time out of your busy schedule to open the facilities after hours to accommodate us.

We were all impressed with the knowledge you displayed of this extensive, state of the art facility. We now have a much better appreciation for and are amazed at what you and your crew of ten dedicated workers are able to manage and maintain on a regular basis.

Sincerely,

Kenneth W. Funk, Ph.D.  
Recording Secretary, Lindenhurst Lakes Commission
